## Ocular Hygiene

Cleans eyelids and lashes

The gentle, soothing and effective way to clean eyelids and lashes. One simple daily application will help remove ocular debris, reduce extra-ocular inflammation, and enhance the effectiveness of artificial tears like i-Drop<sup>®</sup>.

Aids in the treatment of blepharitis symptoms.

Can be used to remove makeup from patients with sensitive skin.

Benefits Include:

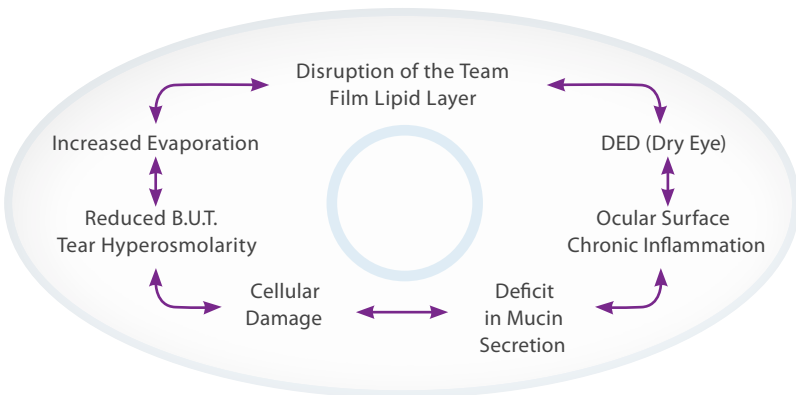

Soothing, Hydrating Action

Helps Reduce Inflammation

Cleans and Disinfects

Does Not Burn or Irritate

The addition of a daily hygiene regimen offers your patients the opportunity to break the cycle of conjunctivitis and dry eye.

Give your patients another chance to break the dry eye cycle by adding ocular hygiene to their daily regimen.

## Lid and Lash Cleanser

Cleans eyelids and lashes

Tea Tree Oil (TTO) is an essential oil derived mainly from *Melaleuca alternifolia*. Employed for its powerful antiseptic, cleansing and hydrating properties, TTO is a safe and effective ingredient. Its natural skin-sanitizing benefits cleanse away dirt, bacteria and toxins, leaving the skin feeling healthier and more hydrated.

i-Lid 'n Lash<sup>®</sup> Plus and Pro all natural and preservative-free solutions help manage symptoms associated with blepharitis, meibomian gland dysfunction (MGD), rosacea, dry eye, Demodex, chalazia and other lid margin diseases.

i-Lid 'n Lash<sup>®</sup> Pro  
50 mL Metered Dose Pump  
20% Tea Tree Oil

Clinical and professional use only

Product #223

For optimal results, allow the gel to stay on the area for a period of 10 minutes before rinsing.
